What is Online EBT (OEBT)?

Online EBT (OEBT) is a modernization of how WIC Electronic Benefit Transfer (EBT) data is processed and managed within the **Mosaic - Clinic Services application**. Historically, Mosaic relied on "**offline**" processing, where benefit issuance, card activity, and transaction updates were stored locally and synchronized later. With OEBT, Mosaic now connects directly to the EBT processor, allowing benefit and card activity to be validated and reflected in the system in near real time.

What Is Changing and When?

Clinic Services users are transitioning from an *offline-dependent* workflow to one that is **online**. This means that many actions—such as issuing benefits, managing cards, and viewing balances—now rely on live system responses rather than delayed updates. During the transition period, each program may experience a **Card Transition Period**, where both offline and online behaviors coexist temporarily as cards and benefit issuance move fully into OEBT.

State/ Program	February	March	April	May	June	July
Cherokee	**Feb - Mar** Card Transition Period - Offline + Online		**Online EBT GO LIVE** Apr 1st - Full transition to Online EBT			

Clinic Services

Module 1

Online EBT

- What it is
- How it works
- Changes in Mosaic

Module 2

Card Transition Period

- How to manage benefits and card operations during transition
- Transfers & Special Cases

Training Goals for Module 1: Foundations of Online EBT

- ☑ What is Online EBT, and how is it changing what I see and do in Mosaic?
- ☑ How is the new Online EBT card different from our current EBT Card?
- ☑ What new terminology should I know?
- ☑ What is the timeline for implementing new Online EBT processes?
- ☑ What is changing for participants?

Agenda

01	Introduction to Online EBT
02	Online EBT Terminology
03	Navigation & Structure of the Online EBT User Interface
04	EBA Creation & Management
05	Cardholder & Card Management
06	Benefit Issuance & Updates
07	Knowledge Check and Q&A

Introduction to Online EBT

Mosaic

What is Online EBT?

- ☑ Benefits are loaded to a digital cloud (AKA **EBA**)
- ☑ Benefits are no longer on the physical chip card
- ☑ Participants DO NOT need to visit a clinic for card updates

Online EBT Card

- ☑ Will participants still need a card to redeem benefits?

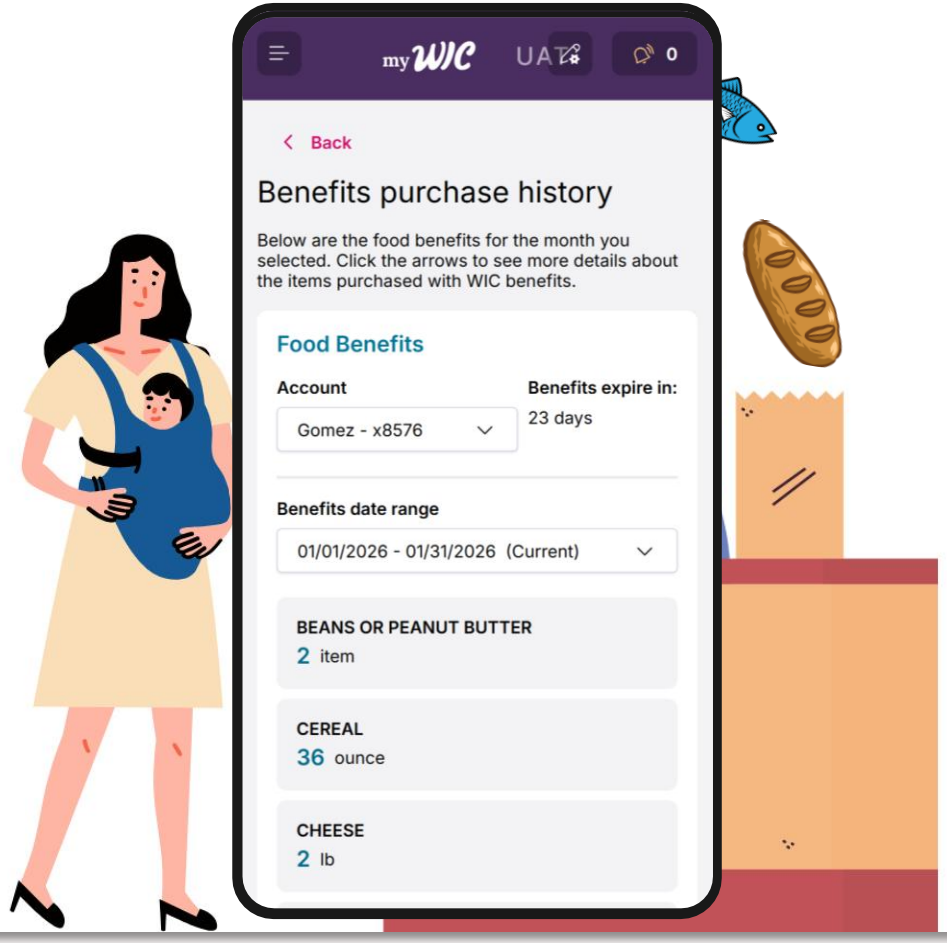
Yes – Participants will receive a new Magstripe Card

Note: The Magstripe Card will serve as a communication tool.

Changes for Participants

Participants can:

- ☑ Still redeem benefits in store, now using the Magstripe Card.
- ☑ Manage their card using the myWIC app's new features.
- ☑ View their redemption history in **real time** using the myWIC app.



Why Online EBT?

- ☑ Remote and immediate food package and issuance updates
- ☑ Participant onsite presence not required for card updates
- ☑ Benefit redemptions are reflected in real-time

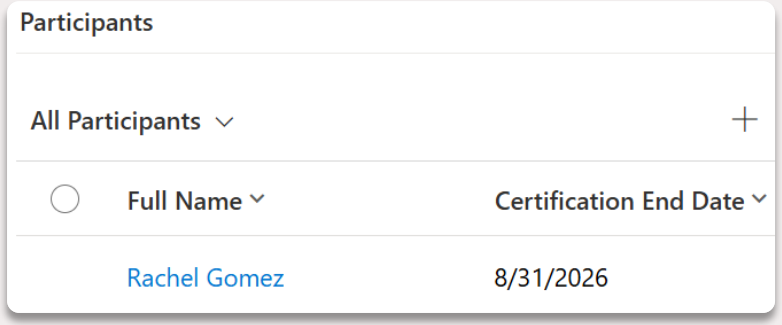
EBA Creation & Management

Mosaic

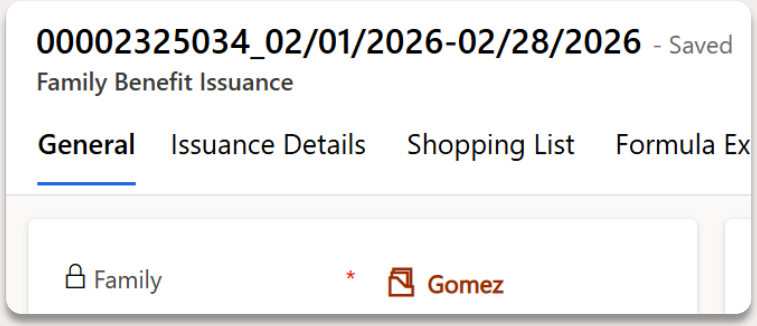
Automatic EBA Creation

Mosaic automatically creates an EBA when one of the following conditions is met:

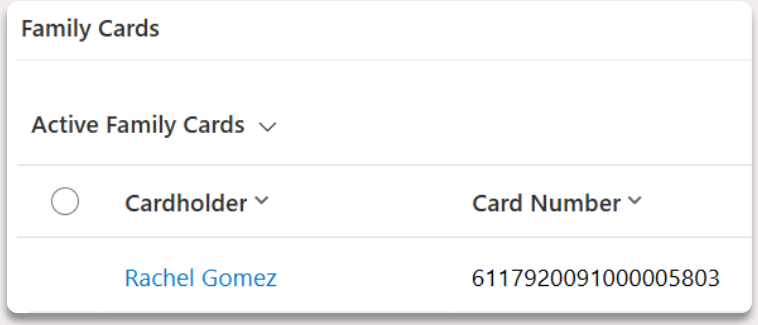
Participant is certified



FBI record is created



Family Card is assigned



Troubleshooting & Issues

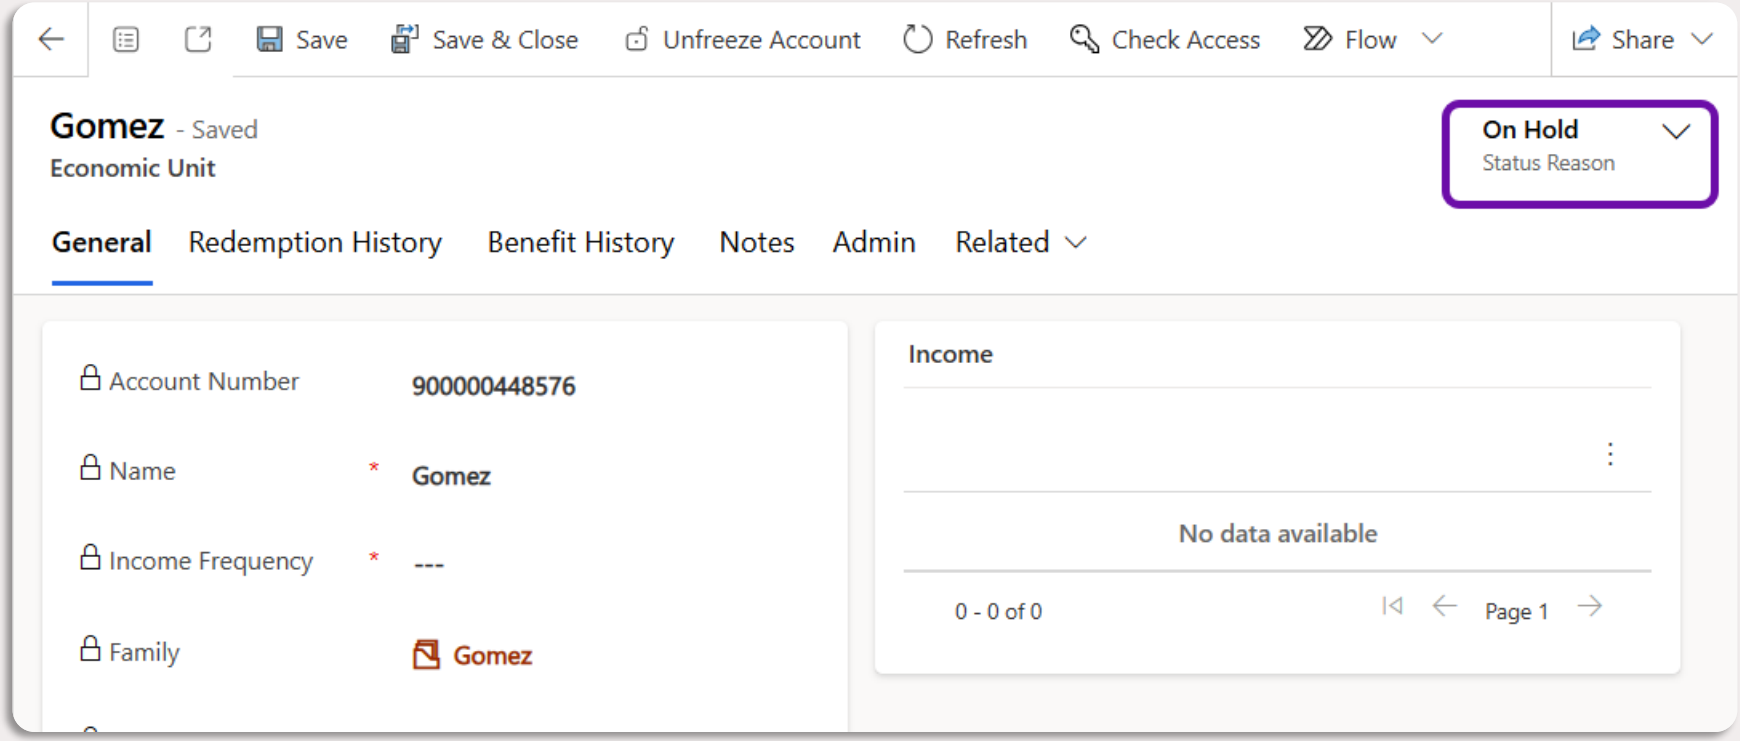
Issue: The EBA is not appearing within Mosaic.

Why might this happen?

- The participant is missing certification.
- There isn’t a Family Benefit Issuance (FBI) record.
- Or a Family Card has not yet been assigned.

Freeze/Unfreeze EBA (Admin)

- User Guide pages: 4-9



Participant Communication

- All family benefits are loaded to the EBA itself, NOT the Magstripe Card.
- An EBA is created for each Family or Foster Child.
- A card/cardholder is assigned to the EBA.
- The card cannot be used to redeem benefits through online shopping.

Cardholder	Card Number	Economic Unit
Jennifer 01Guidry	2777440091012083	Mark Foster 03Guidry

Mosaic

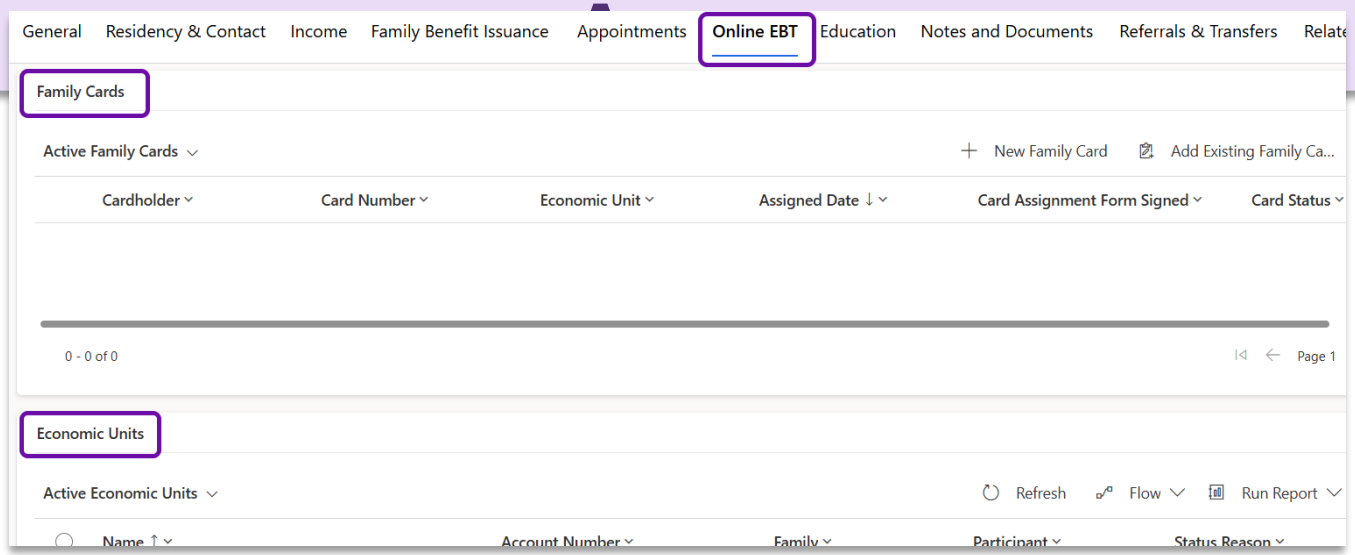
Training Goals for Module 1: Foundations of Online EBT

What is Online EBT, and how is it changing what I see and do in Mosaic?

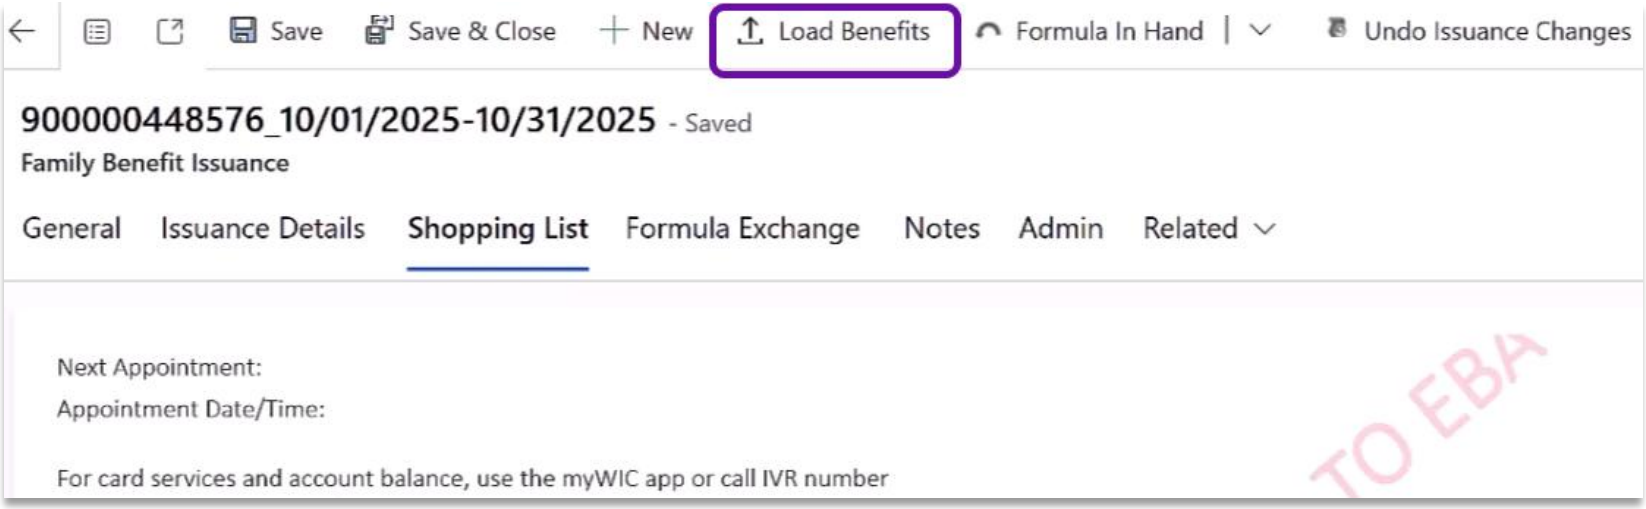
Online EBT tab - A new tab within Family records. The central hub for EBA and Card Management.



What is Online EBT, and how is it changing what I see and do in Mosaic?

Answer:

Load Benefits button - Sends benefits to the EBA and will completely replace the “Write to Card” process



What new terminology did we learn?

Answer:

Card Transition Period

Magstripe Card

Electronic Benefit Account

EBA

Online EBT

IVR

Go-Live

Your turn!

True/False

If Kelley loses her new Magstripe card, her benefits remain secure and available within her EBA account.

- (●) True
- ( ) False

Answer

Multiple Choice

After Go-Live, if Brian purchases bread and milk with the new online magstripe card, is he able to view his redemption history immediately in the myWIC app?

- (●) Yes
- ( ) No

Answer

True/False

The Go-Live date for all WIC clinics in Texas will be the same.

- (●) True
- ( ) False

Answer

Multiple Choice

What is the Go-Live date for Texas?

- ○ April 1st
- ○ May 1st
- ○ June 1st
- ● July 1st

Answer

Multiple Choice

Which of these is NOT one of the new enhancements that Online EBT brings to participants?

- ○ Updating PIN via myWIC
- ○ Freezing card via myWIC
- ● Access to online Shopping
- ○ Viewing Redemption history in real time
